

What do we hope NLS will look like in 5 years time? how will it be different?

Students are aware of how they contribute to the achievements of the whole school.

Students are successful in reaching aspirational destinations in higher and further education and future employment.

There is a full, vibrant sixth form.

Students and staff join together in lessons with a shared vision to maximise teaching and learning.

The school prepares students to be life long learners.

The school system are robust and secure.

Classroom environments foster creative learning and confidence.

Staff and students are happy and safe at school.

Students are inspired and empowered by the school experience.

The school supports and develops the highest quality staff body.

All students fulfil their potential.

The whole community, students, staff and parents are focused on the learning journey.

Students recognise and value their role as global citizens.

The school leads change in the local community through a strong partnership.

All teaching is good/ or outstanding .

Parents support their children's learning and school systems.

There is full engagement with all opportunities available in the community.

The school recruits and retains high calibre staff.
